

Survey Responses Are Coming In.....

But We Need More!

We have had a good response rate so far for our survey and just in the last week have sent out reminders. We want to gather as many responses as possible to ensure that our data analysis and reporting is as reflective of the general population of dairy farmers as is possible given the limitations we faced with distribution.

If you are a dairy farmer please complete the survey using the information below, or if you know someone who is a dairy farmer, please ask if the survey has been completed. If it has not been

1. Go to <https://www.surveymonkey.com/r/3GG36SG> to access the survey online.
2. Call us at 717-787-4194 to see how someone can participate who does not have a computer.

If you have any additional questions, please contact us a RA-infoPMMB_PMMB@pa.gov

Thanks for your help!
